B) BIKE RALLY

Doesn't it sound exciting ? (details to be shared later)
Awake your inner rider and hit the curvy road of himachal . A bike rally would be organised from manali to chandartal lake (subjected to climatic condition and can call for change in destination) with the entire trip being captured in the lens which gonna stay with you for your whole life time . Every college will also get a banner printed which would be put up on the jeeps leading the rally , thrilling ?

C) WAR OF SPERMS

Time for some action guys !! Gone are those time when just visting certain spots of a destination was considered "having fun" , footloose is now revolutionizing the travel industry with it's creative ideas and team building programmes.

War of sperms !! Can see that evil smile on your face reader :D . well before you start anticipating it's a battle within the woods where each team member(sperm) has to save it's headquarter from opponent. A battle full of tasks and paintball gun fight awaits for you. It's footLoose's roadies ;) , we don't want to kill the excitement by revealing all the details here, so keep thinking and we are damn sure you won't be disappointed.

The lone survivor (winner) will get the title of "**lord of sperms**" with a **brand new smartphone**.

D) WEIGH TO MONEY

hahaha, money !! anime spark in the eye, well it's not a easy money dude.

The players would be asked to select the amount they want to bet on , for every 1000/- the player has to carry 10kg of weight on a predecided trek, and if the player completes the trek he wins that amount. Sounds cakewalk? Well here comes the twist ;) player won't be allowed to keep the bag down throughout the trek ,doing so would get him /her disqualified , however the player can reduce the weight by removing 10kg each time ,once removed refilling leads to disqualification , and guys guys the bags would be none other than gunny bags . LOL !!

E) TREASURE HUNT Now do I have to explain this as well ? you guys know it , but let us tell you one thing this won't be the usual treasure hunt.

L) MOVIE IN THE MOUNTAINS

it's **chilling and you and your friends are surrounded by scenic beauty** all around with clear sky where you can make each of those celestial patterns that you learnt in your 10th grade and in midst of that a movie playing on the screen , **doesn't it sound romantic ? well hell yeah, it is.**

M) PROM NIGHT

DJ nights, well you will get a lot of them in your entire trip but prom night, only once at your last destination . Suited booted guys and hot and girls, a last chance to say it out before you get back to work . Love is in the air <3
Best couple will get a gift hamper from footloose (don't be demanding it's a surprise)

And there's always scope for more...
